MY GLOSSARY

My glossary

Understanding the terminology associated with Nelson Mandela's life and the anti-apartheid struggle is a useful way for students to get to grips with some of the more challenging and sensitive issues associated with these histories.

Students can use the table to:

- Compile their own glossary, using their visit to *Nelson Mandela: The Official Exhibition* to explore and record the meanings of some of the terms listed, in the context of Nelson Mandela and his life, and adding other interesting words they have discovered.
- Research and record the meanings of some of the terms in the table before their visit. They could add examples of objects, images and events from the exhibition to illustrate each term, as well as new words discovered during their visit.

After the visit to the exhibition discuss:

- Did the exhibition change your understanding or definition of any of these terms?
- Are everyone's definitions and examples the same?
